Karmak and BlueTread are partnering to help you schedule your services seamlessly.

We've designed BScheduler with the user in mind, aiming to simplify the appointment scheduling workflow and optimize how you manage your business. With this integration, your customers can now schedule new appointments, create new repair orders, link existing repair orders, and create new customers and units—all within BScheduler.

This streamlined process saves time and ensures your team can focus on what they do best—serving your customers.
