

A PRODUCT OF APPLIED DATA CONSULTANTS

Advanced Dispatch Software.
POWERING THE FUTURE.

Elite EXTRA can help you serve and deliver safer, more efficiently, and easier than ever before. We understand that many of you are delivering more now than ever before, and with limited staff.

We have key features that can help!

PROOF OF DELIVERY

Take a photo of the delivered product for easy proof of delivery -- no contact or signatures needed.

EASY-TO-USE

Onboard temporary staff quickly with this easy-to-use solution that provides turn-by-turn directions to each stop.

DISPATCH FROM HOME

Dispatch from your mobile device right from the comfort of your home.

EXTERNAL DELIVERY SERVICE

Use crowd-sourced external delivery services, including Lyft, Postmates and others, to augment your team if you're short of drivers, or need to get something delivered quickly -- no manual entry needed with our directly integrated platform.

PAPERLESS

Go paperless. Elite EXTRA takes all of the worry of losing travel slips and signed proof of deliveries out of the equation.

OPTIMIZED ROUTES

Get drivers out on optimized and efficient routes to ensure deliveries are made on-time and your drivers are able to make the most deliveries each trip.

PAY-AS-YOU-GO TECHNOLOGY

Each month we analyze how many drivers were utilized at your location and only bill you for the drivers out on the road.

NO CONTRACTS

No contracts and no price changes. Our easy to understand, month to month, subscription based agreements ensure that we are a partner, not just a software provider.

ABOUT ELITE EXTRA
Elite EXTRA is the leader in advanced dispatch management for parts dealers' Last Mile deliveries. EXTRA extracts the dealer's parts invoice data from a direct certified integration with the Fusion software and provides mobile solutions for optimizing parts delivery routes, tracking drivers, capturing signatures at the point of delivery, business intelligence reporting on performance and profitability, and more.
